

South African Maritime Safety Authority

Ref: SM6/5/2/1

Date: 26 November 2015

Marine Notice No. 25 of 2015

Method 2: Verification of the Gross Mass of a Packed Container

TO MASTERS OF ALL SHIPS IN SOUTH AFRICAN PORTS, SHIP OPERATORS, OWNERS, MANAGERS AND SHIP'S AGENTS, PORT AUTHORITIES, TERMINAL OPERATORS, STEVEDORE COMPANIES AND PRINCIPAL OFFICERS

Marine Notice No 16 of 2015 is cancelled

Summary

This marine notice advises the maritime industry of SAMSA's intention to appoint third parties to verify the gross mass of a packed container using Method No. 2 as detailed in the IMO Guidelines Regarding the Verified Gross Mass of a Container Carrying Cargo (MSC.1/Circ.1475)

1. The International Convention for the Safety of Life at Sea (SOLAS), as amended, chapter VI, part A, regulation 2 requires that a packed containers' gross mass is verified prior to the containers stowage aboard ship. The shipper is responsible for ensuring this.
2. The IMO Guidelines Regarding the Verified Gross Mass of a Container Carrying Cargo (MSC.1/Circ.1475) details two methods for calculating the verified gross mass of a packed container i.e.

Method 1: Upon the conclusion of packing and sealing a container, the shipper may weigh or have arranged that a third party weighs, the packed container.

Method 2: The shipper may weigh all packages and cargo items, including the mass of pallets, dunnage and other packing and securing material to be packed in the container, and add the tare mass of the container to the sum of the single masses using a certified method.

3. The method used for weighing the container's contents under method 2, is subject to certification and approval as determined by the competent authority of the State in which the packing and sealing of the container was completed.
4. SAMSA is the competent authority responsible for certifying and approving the method used for weighing the container's contents under method 2.
5. SAMSA intend to authorise external third parties to facilitate this certification requirement in terms of Section 5 of the South African Maritime Safety Authority Act, 1998.

- Parties interested in becoming SAMSA approved third parties are to complete the annexed checklist and provide the requested information and or documentation.

Are you aware of what SAMSA Regulations Require of You?

Method 2: The Verification of the Gross Mass of a Packed Container SAMSA Appointment of a Third Party

The International Convention for the Safety of Life at Sea (SOLAS), as amended, chapter VI, part A, regulation 2, requires that a packed containers gross mass is verified prior to stowage onboard.

In terms of Section 5 of the SAMSA Act, 1998, SAMSA will appoint third parties to verify the gross mass of a packed container, using Method 2, as detailed in the IMO Guidelines Regarding the Verified Gross Mass of a Container Carrying Cargo (MSC.1/Circ.1475)

The applicant is to ensure that a completed application is submitted for approval. To assist applicants, the following checklist has been compiled. All specified information and documentation is to be provided with the application. Please note that the checklist is for guidance purposes only and additional information may be required, as necessary.

A completed form from the applicant or their representative is required before the assessment is conducted. Failure to provide this will result in the termination of the assessment.

Declaration by company's representative:

I the responsible person representing (name of company) _____
have read and completed this checklist in preparation for the company's assessment as a SAMSA appointed third party. The content of the declaration is true and correct in all respects to the best of my belief.

Signature _____ **Date** _____
Name _____ **Position** _____

Checklist: SAMSA appointment of a Third Party to Verify the Gross Mass of a Packed Container Using Method 2

1. Documentation
